Subject: Cooper Power Station, Ash and Waste
Water System Modifications

Dear Mr. Breeding:

On behalf of East Kentucky Power Cooperative, we would like to thank you for the successful completion of 3-D's portion of the above referenced project.

Your staff was most cooperative and professional throughout the project. This was a complex job that required your on-site personnel to interface with other contractors in order to meet the overall project schedule.

Once again, let me thank you and your staff on a job well done!

Sincerely,

Hubert Smith, Director
Production Division
